Friday 11:00am - 5:30pm

Every second Sunday 9:00 am - 1:00pm

Please note that rooms will be closed during the school holidays.

VICTIMs of Crime NSW and Victoria

Kristina is currently registered with Victims of Crime in NSW and Victoria, and is able to receive referrals for counselling for adults and children who are registered with this service or have funded sessions available.

Medicare rebates

Medicare rebates are available for psychological treatment under the Better Access Initiative provided by the federal government. Once a GP assesses you under a Mental Health Care Plan, they will provide you with a referral letter to your selected support service. If you are choosing Kristina to be your nominated therapist, the letter from the GP must be directed to her with the number of sessions requested.

When you have presented the valid referral, you will be able to claim a percentage of your fee from Medicare. Currently, Medicare will reimburse approximately **\$78.80 per session**.

Currently, due to COVID rebates, clients are eligible for rebates for up to 20 sessions per calendar year. For more information on the Better Access Initiative, please visit <https://www.health.gov.au/initiatives-and-programs/better-access-initiative>.

Private Health Insurance rebates

As a Clinical Member of PACFA, Kristina is eligible for private health rebates and Workcover. Kristina has currently let her First Aid requirements lapse and intends to complete this once COVID settles. Please discuss with your insurer to determine if you are covered for psychological services with an Accredited Mental Health Social Worker.

Once you have contacted Sticks and Stones, a thorough assessment will determine whether counselling is the best service for you, your child, and your family.
